SKYHAWKTM

PORTABLE TRAILER TRAFFIC
ENFORCEMENT SYSTEM

The **SkyHawk™** portable trailer uses our patented "Above the Road" (ATR) LiDAR sensors for enforcement in dense traffic areas across multiple locations over a wide geographic area.

FEATURES:

- ✦ Robust WANCO self powered work zone model customized for speed enforcement
- ✦ Detects the speed of every vehicle & allows uni- or bi-directional coverage
- ✦ Portable, 1 hour set up enables fast deployment in multiple locations

ADVANTAGES:

- ✦ Ideal for dense traffic, temporary enforcement locations, wide coverage area
- ✦ Autonomous, diesel generator powers load batteries, 10 - 14 days for refueling
- ✦ NO UPFRONT COST

Optotrafic provides the same comprehensive suite of back office support services for all our enforcement systems. These include: citation printing and mailing, call center representatives, systems and software training, lock box payment processing, pay by web, collections, court docket preparation, financial tracking and custom reporting.
